

PASTOR'S COLUMN—JANUARY 28, 2013

Dear Parishioners:

Are you into the Super Bowl? Do you have a snack-ridden party to celebrate Super Bowl Sunday? A football game has evolved into a cultural national event that causes advertisers to spend millions of dollars for a few seconds of air-time during the Super event.

Every Sunday is a Super Sunday for us when we celebrate Eucharist (Mass) as a faith community. We “snack” on God’s Word that leads us to the victory of Christ over sin and death via His Body broken and Blood poured out. We do not need to pay millions of dollars because God’s Love is freely given to us in Christ His Son.

The hope is that we are into the Super Sunday Mass every week of the year. Super Bowls and their parties quickly fade away, but God’s Love is constant thanks to His Savior Son. Hopefully, we are open to continue evolving into more conscious disciples of Jesus which can have a profound impact on our culture not for only one day but for an entire life-time.

Loving you in Christ,

Fr. Terry
