

PASTOR'S COLUMN—MAY 14, 2012

Dear Parishioners:

I started last weekend at two of the Masses and will expand it to all 4 Masses, namely, going down into the center Church isle to give the homily. I used to do this many years ago but I am revisiting this approach with you so that I can make more eye contact with you and be more personable in the homily. My hope is that we will have a more spiritual/relational connection as a result.

The Lord God continues to nudge me in new directions of kindness to you at St. Joseph's. I hope you will realize more that I am approachable and kind.

May the Joy of the Risen Christ help you in faith to keep a balanced perspective about life's pains and sufferings so that we can grow together in the kindness of Jesus.

Loving you in Christ,

Fr. Terry
