

PASTOR'S COLUMN—JUNE 11, 2012

Dear Parishioners:

The Stewardship Committee here at St. Joseph's met recently to share written letters they composed on their Stewardship of time/talent at our parish. Each letter was unique and powerful because they were a result of prayerful and reflective preparation.

You will get to hear these letters within the next several weeks at Mass as a way of inspiring you to become more active stewards at St. Joseph's. Tears of depth of commitment to God and our faith community flowed from these letters and I trust you will be impacted by them.

I pray that someday you will write a "moving" stewardship letter that will inspire others to more readily give of their time/talent at St. Joseph's. Please keep our Stewardship Committee in prayer as they prepare to share their stewardship stories with you.

Loving you in Christ,

Fr. Terry
