

PASTOR'S COLUMN—OCTOBER 5, 2015

Dear Parishioners:

To be in Oneness with Jesus on a consistent basis it to let go of trying to figure Jesus out as to what He is up to in our faith depths. The mystery of faith keeps us humble and alert to Jesus' promptings in our every moment. We can be confident that Jesus' Love in the Holy Spirit reveals God Our Father's Will to us. And Our Father's Will brings us to new mysterious awareness of how utterly dependent we are on God's Wisdom and Truth given to us in Holy Communion with Jesus the Christ.

Our Holy Communion confirms in the Holy Spirit that God consistently loves us in Christ the Savior of the World. God's consistent Oneness with us never fails us so our faith in Christ encourages us to be consistently alert to how faithfully God fills us with His Wisdom and Truth.

There is no trick about faithfulness to Christ because God's faithfulness is freely given to us at all times. No magic here, for this is God Our Father's proclamation in the Holy Spirit to us, namely, that all is well in Christ His Savior Son and to be consistent in our alertness to Jesus' Wisdom and Truth is our salvation.

Rejoicing in God's faithfulness,

Fr. Terry
