

PASTOR'S COLUMN—NOVEMBER 4, 2013

Dear Parishioners:

In this point of human history, we are so blessed to have food at our finger-tips for eating. Grocery stores and restaurants galore make for “easy pickins” when it when it comes to satisfying our food palate. And yet, no matter how easily accessible food is these days, the bread from heaven, Jesus, continues historically to be the most important food of all. From one generation to the next grocers and restaurants come and go, but the food of salvation is constant in every century.

In fact, we can confidently proclaim that Jesus is the ultimate “comfort food” for he feeds us with risen peace “seasoned” with forgiveness. As we enjoy and savor “convenience foods” availability, let us also enjoy and savor weekly Eucharist that conveniently feeds us with the Word of God and the Sacrament of Salvation.

Loving you in Christ,

Fr. Terry
