

PASTOR'S COLUMN—NOVEMBER 12, 2012

Dear Parishioners:

The spiritual issue of how all-consuming is Christ Jesus in our lives is worth pondering. Let's see, Jesus is born into our humanity on Christmas to become one with us. He gives us His real Body and Blood at the Last Supper so that we may become His real presence in the world. Jesus gives us the Holy Spirit on Pentecost to remind us that God's Love lives within us at all times and we need to spread this message throughout the world.

Hopefully, we realize that in God choosing to love us first, God's all-consuming presence is given to us humans as blessed gift. Jesus the Son of God made man makes the spiritual point that God's Love is fully given to us which means God's Love in Christ Jesus is all-consuming.

May our faith in God's awesome love-filled presence grow every day, in particular, in such a way that we become less afraid of Christ Jesus' all-consuming love.

Loving you in Christ,

Fr. Terry
